ABOUT US

VIMEX Import Export Group exists and develops for the only purpose of developing Vietnamese agricultural products' direct consumption in international markets.

With years of development for Rice world wide, we have all the rights to coordinate our distribution systems in different regions to supply products to different groups of clients with guaranteed quality & good prices.

Manufacturing process: We own an independent internal line of quality control for each product item, helping speed up the sustainable cooperation with customers. Vimex is proud of reaching international standards in quality and sufficient output to make yearly supply of products to our international customers.

Our operating activities are connected to responsibilities to the society, including 03 main factors: Profits, Social Resources & Environment.

Vimex as regards human resources are the root of all progress. Our professional rice team with many years experience continually applying different programs or policies to improve personal capacity, creating an advanced working environment maintained thinking innovation to bring about real values and effectiveness for the investors & also sustainable relation with customers.

OPERATING PRINCIPLES

PRESTIGE:

VIMEX maintains relations of mutual benefits for all parties.

QUALITY IS VITAL:

Continually strive for perfection in meeting the clients' demand.

CUSTOMERS:

The customer's confidence is an impetus helping VIMEX continue to innovate and develop.

HUMAN RESOURCE:

Are the most precious factors; solidarity & dedication are our human values.

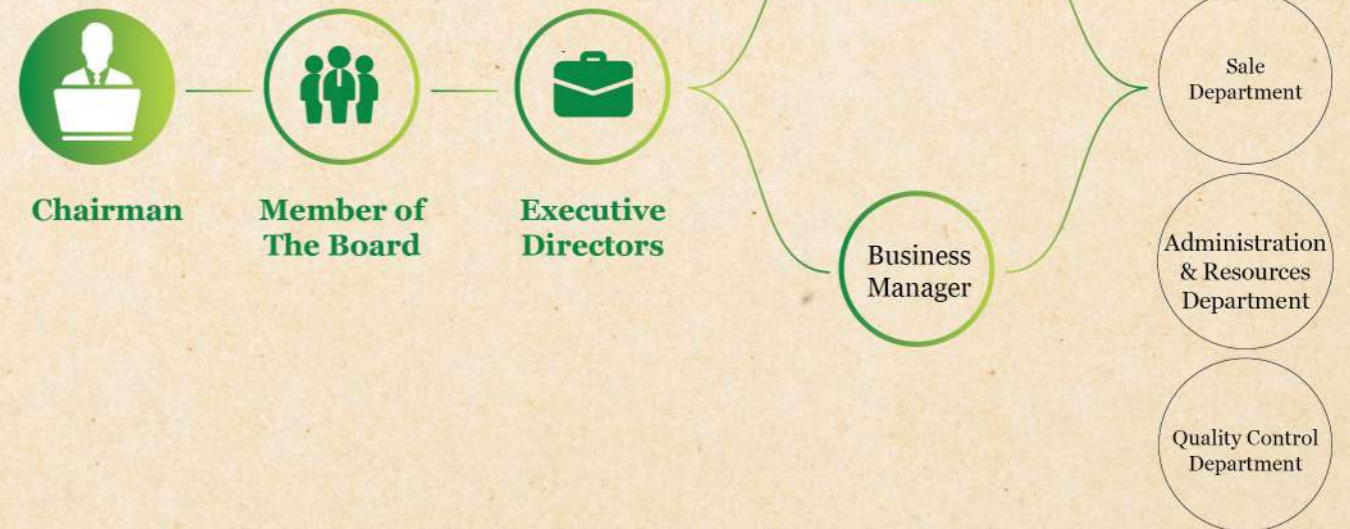

Modern production base to distill the quintessence of rice grains !

VIMEX LEADING BRANDS

JASMINE RICE

Be produced specially in Pure Jasmine paddy field, enabling our rice to distinguish its own flavor with many other similar. The characteristic is really fragrant, sweet with correct level of sticky, providing lots of protein and vitamins from consistent cooking time of 30-40 minutes.

CALROSE RICE

Selected carefully from the best Sushi grown area, proud of being leading Japonica type worldwide that fits the most Japan restaurant chains and households. When cooked, fragrant aroma floating around is so excellent, easily satisfying highest demand to provide the nutritious bowl of rice from field to your table.

THE GOLDEN HARVEST JASMINE

Is Famous brand developing to aim unique and high end client groups. Not only we apply the best techniques and practices to result in premium quality, but also its beauty attracts International Distributors for their long term plan.

THE CHOSEN FARM

WHITE RICE

5%, 15%, 25% and up to 100% upon your request and high in starch.

BROWN RICE

Good for the heart, aids digestion, reduce the risk of cancer, diabetes and high cholesterol.

GLUTINOUS RICE

Being consumed alot world wide, best fit for both household and all restaurants chains.

PURPLE RICE

Considered as one of the best option for anti-types of disease.

RED RICE

Has opaque grains, very low amylose, and is especially sticky when cooked.
